

The Creature: Distinguished greetings

Dr Franken : Kong Kong ?...

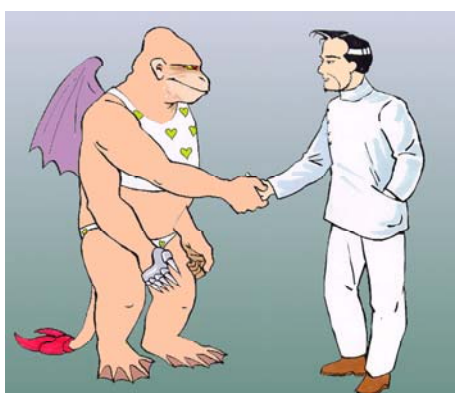

Kong Kong : **Kong Kong is being called by Master?**

Dr Franken: Yes. Listen. You are very strong, Kong Kong. But do you know how strong you are?

Kong Kong: **The strength of Kong Kong is programmed by Master.**

Dr Franken: Yes, I know that. But we are going to do a little experiment. Hold out your first right hand towards me...

Kong Kong: **The first right hand is held out by Kong Kong.**

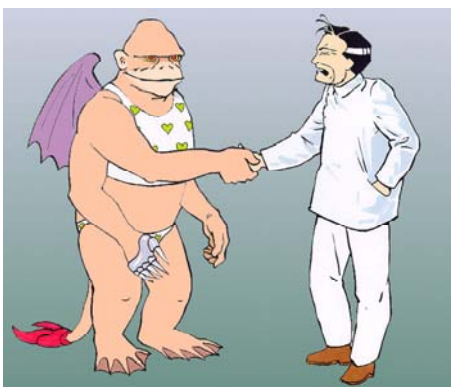

Dr Franken: Good! Now, put your hand in mine.

Kong Kong: **The hand is being put into the Master's hand by Kong Kong.**

Dr Franken: Good. Very good. And now, we are going to shake hands. You are going to squeeze my hand, not too hard, nice and gently, to say hello...

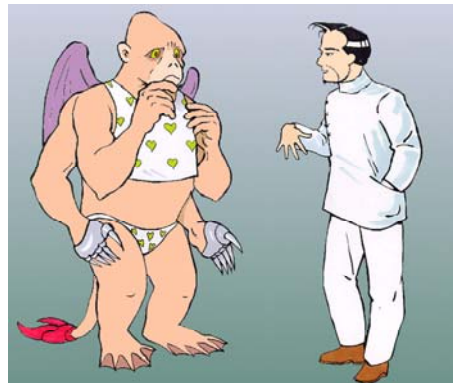

Kong Kong : **The Master's hand must be squeezed by Kong Kong???**

Dr Franken : Yes, go on. Gently.

Kong Kong : Like this?

Dr Franken : Ouch!!! That's too hard, Kong Kong! Much too hard!

Kong Kong: Oooh... too hard? Too hard? Kong Kong is very sorry.
Kong Kong is forgiven by Master?

Dr Franken : Yes, yes, of course. **You are forgiven**, Kong Kong.

The Creature: Another strange creature

For the first time, Doctor Franken's creature **has been permitted** by his Master to go out into the forest alone... so Kong Kong was alone that day. Luckily, he **had been given** a small telephone **by** his Master, just in case...

Kong Kong had been walking for a short time when, suddenly, the forest **was illuminated by** a lot of very small lights sparkling. The leaves **were given** a magical colour **by** these strange lights. Then they came to where Kong Kong was.

A strange little person then appeared. She **had been attracted by** Kong Kong's presence in the woods and she had wanted to see him a little better

But when she was in front of him, she **was** so **amused by** Kong Kong's appearance that she began to laugh!

Then suddenly she disappeared. She **could not be seen** ! Kong Kong **was** very **pained by** the pretty girl's laughing. And he began to cry!

The Creature: Kong Kong on the phone

Kong Kong: Master Franken! Hello? Hello?

Dr Franken: Yes, Kong Kong. What is it?

Kong Kong: Kong Kong met another creature in the forest!
A very small creature! And this creature laughed at Kong Kong!

Dr Franken: You know, Kong Kong, that you are an exceptional creature. A creature who **was genetically programmed by** me. A creature who **is** very much **appreciated by** me. A magnificent, complete creature, who **was** very well **thought of by** me. You know that, don't you, Kong Kong?

Kong Kong: Yes, Master.

Dr Franken: Kong Kong, you are a creature who **has never yet been seen by** anybody. So you understand, people **are surprised by** you when they meet you.

Kong Kong: The very small creature laughed, Master. She laughed at Kong Kong.

Dr Franken: Yes, she **was** very **astonished by** you and she laughed. I am sure that she didn't want to pain you.

Kong Kong: Do you think so, Master?

Dr Franken : Yes, Kong Kong. I am certain.

The Creature: Confessions ...

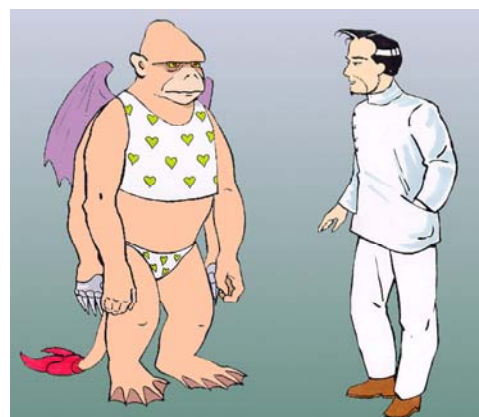

Kong Kong : Master Franken! Master Franken!

Dr Franken: Yes, Kong Kong. I am here.

Kong Kong : Last night, Kong Kong was on the roof of the theatre! Kong Kong was looking at the town, down below. And then Kong Kong **was disturbed by** a creature who came through the window in the roof.

Dr Franken : A creature, Kong Kong?

Kong Kong : Yes, a creature who **had not been well programmed by** her Master. A creature like you, Master.

Dr Franken : Oh yes, Kong Kong, how do you mean?

Kong Kong : She didn't have any wings, no pincer and only two arms. And there was a big bag! A big bag that **was carried by** this creature. And in this bag, there were two beautiful dresses. The beautiful dresses **were taken by** Kong Kong.

Dr Franken : Oh! You took the dresses, Kong Kong?!

Kong Kong : Yes, Master. But the creature was taken by Kong Kong! She had nearly fallen and she was shouting "Help! Help!". She was hanging from the roof by one hand! No pincer, and no wings to fly with. The creature **was pulled by** Kong Kong on to the roof.

Dr Franken : You pulled her on to the roof? And did she give you the dresses to say thank you, Kong Kong?

Kong Kong: Yes, perhaps... Kong Kong doesn't know. The creature went away immediately.

Dr Franken : And where did you put the dresses, Kong Kong?

Kong Kong : The Beautiful dresses **were put by** Kong Kong in Professor's Balthazar cupboard.

Dr Franken: Oh... Kong Kong!
