

Fresco's: How to do good business

Josie: Look. Here is my Fresco card with my points. **I have enough points** for three bonus presents and for two **reductions** on chocolate buns **too**.

Grace: It is not working.

Josie: Why not?

Grace: **You had enough points** from the 15th to the 20th on your Fresco card and bonus points. I think **they are too old**. Let me see. Oh dear! What is this? They are dated March. And the chocolate buns were **stopped** immediately **too**. They used artificial chocolate.

Josie: And to think how well **I looked after them too!** And then, no reduction **too!**

Grace: Well, if you buy 25 kilos of rice before the 18th, **you will have enough** for a 3.5 per cent reduction.

Josie: 25 kilos?! Where do I go?

Grace: You go to the desk and you get a form. You fill in the form and sign it. You send it with 2 stamps and **enough for the postage too**. **If you have not enough...**

Josie: Oh! Stop! **I have had enough!** By that time **the offer will have finished too**.
